Tariffs for day pass users

3.5 A day pass user pays the tariff set out in Table 2 for the particular motor vehicle class:

Motor vehicle class	Tariff for each 24-hour period
A1	R 30.00
A2	R 50.00
B	R125.00
C	R250.00

4. Classes of motor vehicles

4.1 The classes of motor vehicles for the purposes of the GFIP-toll roads are set out in Table 3.

4.2 To qualify for a specific motor vehicle class, the motor vehicle must have the dimensions set out in Table 3.

Table 3: Classes of motor vehicles

Class	Motor vehicle type	Dimensions of motor vehicle
A1	Motor cycles	Length under 3,0 metres Width under 1,3 metres Height under 2,5 metres
A2	Light motor vehicles (excluding motor cycles and only if the motor vehicle without any trailer does not qualify as a Class B or C motor vehicle)	Length under 6,0 metres Height under 2,5 metres Trailers that meet the criteria below are not considered when measuring dimensions for light motor vehicles: <ol style="list-style-type: none"> 1. It is designed or adapted to be drawn by a tow bar that is attached to a Class A2 motor vehicle. 2. It is not self-propelled. 3. It has a centre axle or centre axles. 4. The gross vehicle mass is not more than 3 500 kilograms. <p>This means a motor vehicle under 6,0 metres with a trailer that makes the total length of both vehicles more than 6,0 metres will still be classified as a Class A2 motor vehicle.</p> <p>If the motor vehicle is drawing a semi-trailer, the motor vehicle combination does not qualify as a Class A2 light motor vehicle. This is regardless of whether or not the motor vehicle drawing the semi-trailer is under 6, 0 metres or not. A semi-trailer has the meaning given to it in the National Road Traffic Act.</p>

Class	Motor vehicle type	Dimensions of motor vehicle
B	Small heavy motor vehicles (but only if the motor vehicle does not qualify as a Class C motor vehicle)	Length, including any trailer, of 6,0 metres or more, but not over 12,5 metres or Length, including any trailer, of under 6,0 metres and height of 2,5 metres or more
C	Large heavy motor vehicles	Length, including any trailer, of more than 12,5 metres

5. Discounts applying to tariffs

The sum of all discounts in respect of an e-toll transaction may not exceed the amount of toll payable in respect of such e-toll transaction.

Types of discount up to the end of the grace period

5.1 There are three types of discount that will be applied if payment for an e-toll transaction is made within the grace period:

5.1.1 time-of-day discount;

5.1.2 frequent user discount; and

5.1.3 grace period discount for alternate users,

which discounts are described more fully and apply in the circumstances and subject to the conditions as set out below.

5.2 The time-of-day discount and frequent user discount are calculated using the standard tariff set out in Column 2 of Table 1 for the particular motor vehicle class.

5.3 All discounts apply to a specific motor vehicle and not to an e-toll account that may be used to discharge liability for toll.

Types of discounts after the grace period has expired

5.4 There is one discount that shall apply after the grace period applicable to an e-toll transaction has expired and that is a discount for alternate users; which discount is described more fully and applies in the circumstances and subject to the conditions as set out below.

Once-off discount for payments made in respect of toll incurred under Prior Toll Tariff Notice

- 5.5 There is a once-off discount that shall apply to all users of the GFIP toll roads and that is a discount for payments made in respect of toll incurred under Government Notice No. R.887 in Government Gazette 37038, and published in the Government Gazette on 19 November 2013 (Prior Notice), and which was not paid within the grace period applicable to the Prior Notice; which discount is described more fully and subject to the conditions as set out below.

Time-of-day discount**A discount based on the time of day**

- 5.6 The time-of-day discount gives a discount to users who use the GFIP-toll roads at certain times.
- 5.7 Subject to 5.10 below, the time-of-day discount applies to all users of the GFIP toll roads in all motor vehicle classes.
- 5.8 The time-of-day discount is applied through the Agency deducting from the tariff that the user who qualifies for the discount would ordinarily be liable to pay for the use of the motor vehicle on the GFIP-toll roads, an amount equal to a percentage of the standard tariff; the applicable percentage being that which corresponds with the time and day of use of the motor vehicle as reflected on Table 4 for the class of motor vehicle in question.
- 5.9 The Agency deducts the discount from the tariff that applies to the category of user and vehicle. It is in addition to any other discount that may apply to that user.
- 5.10 The time-of-day discount will not apply to a user who pays for an e-toll transaction after the expiry of the applicable grace period.

Discounts for certain frequent users who reach the maximum threshold per month

- 5.11 The frequent user discount only applies to registered e-tag users and registered VLN users.
- 5.12 The frequent user discount is a discount on the tariff shown in Column 3 of Table 1 (registered e-tag users) or Column 5 of Table 1 (registered VLN users), as applicable and this frequent user discount:
- 5.12.1 is based on how often a registered e-tag user or registered VLN user uses the GFIP-toll roads in a specific motor vehicle in a calendar month;
 - 5.12.2 applies where the frequency of use of a motor vehicle in a calendar month, expressed as the total monetary value of all e-toll transactions incurred using that motor vehicle in that calendar month, reaches the threshold stipulated in Table 5 ;
 - 5.12.3 applies separately to each motor vehicle used on the GFIP-toll roads;
 - 5.12.4 does not apply to the cumulative use of all vehicles driven on the GFIP-toll roads by a user in a calendar month;
 - 5.12.5 is applied by the Agency by deducting from the tariff shown in Column 3 of Table 1 (registered e-tag users) or Column 5 of Table 1 (registered VLN users), as applicable the value of the percentage reflected in Table 5 applicable to the corresponding threshold value;
 - 5.12.6 applies only to those e-toll transactions or portions thereof that occur when the threshold value has been reached and only for the remainder of that calendar month, but does not serve to reduce the liability for toll already incurred prior to that threshold being reached; and
 - 5.12.7 does not in any circumstances entitle a user to claim back from the Agency any toll which the user has already paid or which the user has become liable to pay for his or her use of the GFIP-toll roads.
- 5.13 The value of the e-toll transactions in a calendar month is calculated from the tariffs shown in Column 3 of Table 1 (registered e-tag users) or Column 5 of Table 1 (registered VLN users), as applicable, less any time-of-day and any other applicable discounts.
- 5.14 Once the threshold value reflected in the last row of Table 5 has been reached for the class of motor vehicle in question, the user of the motor vehicle that reaches that threshold value will, for the remainder of the month in which the threshold value is reached, incur no further liability for toll for e-toll transactions in respect of that motor vehicle, which is expressed in Table 5 as a 100% discount on all further e-toll transactions in that calendar month.

Table 5: Frequent-user discounts

Percentage discount applicable to e-toll transactions (in terms of paragraphs 5.10 to 5.14)	Threshold value on total e-toll transactions calculated from the tariffs shown in Column 3 of Table 1 or Column 5 of Table 1, as applicable for the calendar month, less time-of-day and any other applicable discounts			
	Class A1 motor vehicles	Class A2 motor vehicles	Class B motor vehicles	Class C motor vehicles
0% off	R 0 up to R 125.00	R 0 up to R 225.00	R 0 up to R 875.00	R 0 up to R 2900.00
100% off	Above R 125.00	Above R 225.00	Above R 875.00	Above R 2900.00

5.15 The threshold values for the frequent user discount set out in Table 5, shall be adjusted annually in accordance with the terms of paragraph 5.23 of this notice.

5.16 Subject to complying with the requirements of the frequent user discounts as contemplated in paragraphs 5.11 to 5.15, frequent user discounts will also apply to alternate users with a registered e-tag or registered VLN who pay toll within the grace period.

Discounts for alternate users within the grace period

5.17 An alternate user who pays within the grace period is entitled to a discount that after the discount applies the user pays the amount equal to the amount set out in Column 2 of Table 1.

Discounts for alternate users after the grace period

5.18 An alternate user who pays an e-toll transaction after the grace period but before an invoice is issued by the Agency or within 30 days of the date of the invoice, will be granted a discount, at the time of payment, such that after such discount is applied the alternate user will, in respect of an invoice where payment is made in full, receive a discount equal to 60 % of the tariff set out in Column 6 of Table 1.

5.19 Payment by an alternate user to the Agency, as contemplated in 5.18 above, must be made subject to the conditions the Agency may determine and make known.

Once-off discount for payments made in respect of toll incurred under Prior Toll Tariff Notice

5.20 The toll levied in respect of e-toll transactions in terms of the Prior Notice (as defined in 5.5 above), shall continue to apply and shall be levied until the date and time specified on the front page of this Notice and from which time the tolls in terms of this Notice become applicable.

5.21 Any toll, in respect of an e-toll transaction, which was levied and is payable under the Prior Notice and which has not been paid within the grace period specified in the Prior Notice shall be subject to the discount set out hereunder, if paid in full by no later than

such date and time as subsequently determined by the Minister and is made known by the Minister in the Gazette.

- 5.22 A 60% discount, at the time of payment, shall be applied to all amounts payable in respect of an e-toll transaction incurred under the Prior Notice and which has not been paid by the expiry of the grace period specified in the Prior Notice.
- 5.23 Payment by a user to the Agency, as contemplated in paragraph 5.22, must be made subject to the conditions that the Agency may determine and make known.

Adjustment of tariffs and amounts

- 5.24 The tariffs and amounts displayed in this notice may be adjusted by a determination of the Minister annually: Provided that such adjustment shall not exceed the Consumer Price Index calculated for the preceding 12 months.

Tariewe vir dagpassegebruikers

3.5 'n Dagpassegebruiker betaal die tarief soos in Tabel 2 uiteengesit, vir die besondere klas van motorvoertuig.

van motorvoertuie

4.2 Om vir 'n spesifieke motorvoertuig klas te kwalifiseer, moet die motorvoertuig die afmetings soos in die onderstaande tabel uiteengesit, hê.

Tabel 3: Klasse van motorvoertuie

Klas	Motorvoertuigtipe	Afmetings van motorvoertuig
A1	Motorfietse	Lengte onder 3,0 meter Breedte onder 1,3 meter Hoogte onder 2,5 meter
A2	Ligte motorvoertuie (uitsluitend motorfietse en slegs indien die motorvoertuig sonder 'n sleepwa nie as 'n Klas B en C motorvoertuig kwalifiseer nie))	Lengte onder 6,0 meter Hoogte onder 2,5 meter Sleepwaens wat aan die onderstaande vereistes voldoen, word nie in ag geneem wanneer afmetings vir ligte motorvoertuie geneem word nie: 6. Dit is ontwerp of aangepas om deur 'n sleepstang van 'n Klas A2 motorvoertuig, getrek te word. 7. Dit is nie selfaangedrewe nie. 8. Dit 'n sentrale as of sentrale asse het. 9. Die bruto voertuigmassa is nie meer as 3 500 kilogram nie. Dit beteken dat 'n motorvoertuig korter as 6,0 meter met 'n sleepwa wat die totale lengte van beide voertuie langer as 6,0 meter maak, as 'n Klas A2 voertuig geklassifiseer word. Indien die motorvoertuig 'n leunwa sleep, kwalifiseer die motorvoertuig kombinasie nie as 'n Klas A2 ligte motorvoertuig nie. Dit is ongeag of die motorvoertuig wat die leunwa sleep korter as 6,0 meter is of nie. 'n Leunwa se betekenis word in die Nasionale Padverkeerswet omskryf.

Klas	Motorvoertuigtype	Afmetings van motorvoertuig
B	Klein swaar motorvoertuie (maar slegs indien die motorvoertuig nie as 'n klas A2 of Klas C motorvoertuig kwalifiseer nie)	Lengte, insluitende 'n sleepwa, van 6,0 meter of meer, maar nie meer as 12,5 meter nie of Lengte, insluitende enige sleepwa, van 6,0 meter en hoogte van 2,5 meter of meer
C	Groot swaar motorvoertuie (maar slegs indien die motorvoertuig nie as 'n Klas A2 of Klas B motorvoertuig kwalifiseer nie)	Lengte, insluitende enige sleepwa, van meer as 12,5 meter

5. Afslag wat op Tariewe van toepassing is

Die som van al die kortings ten opsigte van 'n e-toltransaksie mag nie die bedrag van tol betaalbaar met betrekking tot sodanige transaksie, oorskry nie;

Soorte afslag tot aan einde van die grasietydperk

5.1 Daar is drie soorte afslag wat van toepassing is indien betaling gedurende die grasietydperk gemaak is:

5.1.1 tyd-van-die-dag afslag;

5.1.2 gereelde gebruikerafslag

5.1.3 grasietydperk afslag vir alternatiewe gebruikers,

en sodanige afslag word volledig beskryf en is van toepassing onder die omstandighede en onderhewig aan die voorwaardes soos hieronder uiteengesit.

5.2 Tyd-van-die-dag-afslag en gereelde gebruikerafslag word op die standaardtarief soos in Kolom 2 van Tabel 1 uiteengesit, bereken, gebaseer op die besondere motorvoertuigklas.

5.3 Alle afslaë is van toepassing op 'n spesifieke motorvoertuig en nie op 'n e-tolrekening wat gebruik kan word om aanspreeklikheid vir tol te vereffen, nie.

Soorte afslag na die grasietydperk verval het

5.4 Daar is een soort afslag wat van toepassing is na die grasietydperk verval het, en dié afslag is die enigste afslag van toepassing na die grasietydperk en dit is die afslag vir alternatiewe gebruikers; en sodanige afslag word volledig beskryf en is van toepassing onder die

omstandighede en onderhewig aan die voorwaardes soos hieronder uiteengesit.

Eenmalige afslag vir betalings gemaak ten opsigte van tol wat onder die Vorige Tariefkennisgewing aangegaan is

- 5.5 Daar is 'n eenmalige afslag wat van toepassing sal wees op alle gebruikers van die GDVP tolpaai en dit is 'n afslag vir betalings vir tol wat ingevolge Goewermentskennisgewing Nr. R.887 in Staatskoerant 37038 gepubliseer op 19 November 2013 (Vorige Kennisgewing) betaalbaar was en nie binne die grasietydperk wat op die Vorige Kennisgewing van toepassing was, betaal is nie, welke afslag meer volledig beskryf is en van toepassing sal wees onder die omstandighede en onderhewig aan die voorwaardes soos hieronder uiteengesit.

Tyd-van-die-dag afslag

'n Afslag gebaseer op die tyd van die dag

- 5.6 Die tyd-van-die-dag afslag gee afslag aan gebruikers wat op sekere tye van die GDVP-tolpaai gebruik maak.
- 5.7 Onderhewig aan 5.10 hieronder is die tyd-van-die-dag afslag van toepassing op alle gebruikers van die GDVP tolpaai in alle motorvoertuigklasse..
- 5.8 Die tyd-van-die-dag afslag word toegepas deurdat die Agentskap aftrek van die tarief wat die gebruiker normaalweg aanspreeklik is om te betaal vir die gebruik van die motorvoertuig op die GDVP-tolpaai, die bedrag gelykstaande aan die persentasie van die standaardtarief, en sodanige persentasie is die persentasie wat ooreenstem met die tyd van die dag van gebruik van die motorvoertuig soos aangetoon in Tabel 4 vir die betrokke klas motorvoertuig.
- 5.9 Die Agentskap verminder die tarief met die afslag wat van toepassing is op die kategorie van gebruiker en voertuig. Dit is addisioneel tot enige ander afslag wat op daardie gebruiker van toepassing mag wees.
- 5.10 Die tyd-van-die-dag afslag is nie van toepassing op alternatiewe gebruikers wat na die verstryking van die betrokke grasietydperk betaal nie.

Afslag vir sekere gereelde gebruikers wat die maksimum drempel per maand bereik

5.11 Die gereelde gebruikerafslag is slegs van toepassing op geregistreerde e-tag gebruikers en geregistreerde VLN gebruikers.

5.12 Die gereelde gebruikerafslag is 'n afslag op die tarief soos in Kolom 3 van Tabel 1 (geregistreerde e-tag gebruikers) of Kolom 5 van Tabel 1 (geregistreerde VLN gebruikers) uiteengesit, soos van toepassing, en sodanige gereelde gebruikerafslag–

5.12.1 is gebaseer op hoe gereeld 'n geregistreerde e-tag gebruiker of 'n gereelde VLN gebruiker die GDVP-tolpaaie in 'n spesifieke motorvoertuig gedurende 'n kalendermaand gebruik;

5.12.2 is van toepassing waar die gereeldheid van gebruik van 'n motorvoertuig in 'n kalendermaand, wat uitgedruk word as die totale geldwaarde van alle e-tol transaksies wat aangegaan word deur 'n motorvoertuig in daardie kalendermaand, die drempel soos in Tabel 5 bepaal, bereik;

5.12.3 is op elke motorvoertuig wat die GDVP-tolpaaie gebruik, afsonderlik van toepassing;

5.12.4 is nie kumulatief op al die motorvoertuie wat 'n gebruiker op die GDVP-tolpaaie gedurende 'n kalendermaand gebruik, van toepassing nie;

5.12.5 word toegepas deurdat die Agentskap van die tarief soos in Kolom 3 van Tabel 1 (geregistreerde e-tag gebruikers) of Kolom 5 van Tabel 1 (geregistreerde VLN gebruikers), soos van toepassing, aangetoon, die waarde van die persentasie soos aangetoon in Tabel 5 van toepassing op die ooreenstemmende drempelwaarde, aftrek;

5.12.6 is slegs van toepassing op daardie transaksies of gedeeltes daarvan wat plaasvind wanneer die drempelwaarde bereik is en slegs vir die oorblywende gedeelte van daardie kalendermaand, maar verminder nie die aanspreeklikheid vir tol nadat aanspreeklikheid reeds ontstaan het voordat die drempel bereik is nie; en

5.1.7 maak nie die gebruiker geregtig om enige tol van die Agentskap terug te eis wat die gebruiker reeds betaal het of wat die gebruiker aanspreeklik is om te betaal, vir sy of haar gebruik van die tolpad nie.

5.13 Die waarde van die e-toltransaksies in 'n kalendermaand word bereken op die tariewe soos in Kolom 3 van Tabel 1 (geregistreerde e-tag gebruiker) of Kolom 5 van Tabel 1 (geregistreerde

VLN gebruikers), soos van toepassing, aangetoon, minus enige tyd-van-die- dag afslag en enige ander toepaslike afslag.

- 5.14 Sodra die drempelwaarde soos aangetoon in die onderste ry van Tabel 5 bereik word vir die betrokke klas motorvoertuig, sal die gebruiker van daardie motorvoertuig wat daardie drempelwaarde bereik het vir die oorblywende gedeelte van daardie maand waarbinne die drempelwaarde bereik is, nie aanspreeklik wees vir enige verdere tol vir e-toltransaksies ten opsigte van daardie motorvoertuig nie, en dit word in Tabel 5 uitgedruk as 'n 100% afslag op alle verdere e-toltransaksies in daardie kalendermaand.

Tabel 5: Gereelde gebruikerafslag

Persentasie afslag van toepassing op e-toltransaksies (ingevolge paragrawe 5.10 tot 5.14)	Drempelwaarde van totale e-toltransaksies bereken teen die tarief soos aangetoon in Kolom 3 van Tabel 1 of Kolom 5 van Tabel 1, soos van toepassing vir die kalendermaand, verminder met die tyd-van-die-dag-afslag en enige ander toepaslike afslag			
	Klas A1 motorvoertuig	Klas A2 motorvoertuig	Klas B motorvoertuig	Klas C motorvoertuig
0% afslag	R 0 tot en met R 125.00	R 0 tot en met R 225.00	R 0 tot en met R 875.00	R 0 tot en met R2900.00
100% afslag	Bo R125.00	Bo R 225.00	Bo R 875.00	Bo R 2900.00

- 5.15 Die drempelwaardes vir die gereelde gebruiker soos uiteengesit in Tabel 5 word jaarliks in ooreenstemming met paragraaf 5.23 aangepas.
- 5.16 Onderhewig aan die nakoming van die vereistes vir die afslag vir gereelde gebruikers soos bedoel in paragrawe 5.11 tot 5.15, is die afslag vir gereelde gebruikers ook van toepassing op alternatiewe gebruikers met 'n geregistreerde e-tag of geregistreerde VLN wat binne die grasietydperk tol betaal.

Grasietydperk afslag vir alternatiewe gebruikers

- 5.17 'n Alternatiewe gebruiker wat gedurende die grasietydperk betaal is geregtig op 'n afslag in so 'n mate dat die gebruiker na afloop van die afslag die bedrag gelyk aan die bedrag in Kolom 2 van Tabel 1 betaal.

Afslag vir alternatiewe gebruikers na die grasietydperk

- 5.18 'n Alternatiewe gebruiker wat 'n e-toltransaksie na die grasiëperiode maar voor 'n faktuur uitgereik deur die Agentskap betaal, of binne 30 dae van die datum van die faktuur, betaal, sal 'n afslag toegestaan word ten tye van betaling sodanig dat nadat die afslag toegestaan is die alternatiewe gebruiker ten opsigte van 'n faktuur waar betaling gemaak is, 'n bedrag gelykstaande aan 60% van die tarief in Kolom 6 van Tabel 1 betaal.
- 5.19 Betaling deur 'n alternatiewe gebruiker aan die Agentskap, soos bedoel in 5.18 hierbo, moet onderhewig aan die voorwaardes wat die Agentskap bepaal en bekend maak, gedoen word.

Enmalige afslag vir betalings gemaak ten opsigte van tol wat onder Vorige Tariefkennisgewing aangegaan is

- 5.20 Die tol wat gehef is ingevolge e-toltransaksies in die Vorige Kennisgewing (soos omskryf in 5.5 hierbo) sal steeds van toepassing wees en word gehef tot die datum en tyd op die voorblad van hierdie Kennisgewing en vanaf daardie datum en tyd sal die tol ingevolge hierdie kennisgewing van toepassing wees.
- 5.21 Enige tol, ten opsigte van 'n e-toltransaksie wat gehef is en betaalbaar is onder die Vorige Kennisgewing en wat nie betaal is binne die grasietydperk gespesifiseer in die Vorige Kennisgewing nie, is onderhewig aan die afslag soos uiteengesit hieronder, indien die tol ten volle betaal word teen nie later as sodanige datum en tyd soos deur die Minister bepaal en bekend gemaak word in die Staatskoerant nie.
- 5.22 'n 60 persent afslag ten tye van die betaling sal toegestaan word vir alle bedrae betaalbaar ingevolge 'n e-toltransaksie aangegaan ingevolge die Vorige Kennisgewing en wat nie betaal is teen die einde van die grasietydperk soos in die Vorige Kennisgewing gespesifiseer is, nie.
- 5.23 Betaling deur 'n gebruiker aan die Agentskap, soos bedoel in paragraaf 5.22, moet gemaak word onderhewig aan die voorwaardes wat die Agentskap mag bepaal en bekend maak.

Aanpassing van tariewe en bedrae

- 5.24 Die tariewe wat in hierdie kennisgewing vertoon word mag deur 'n bepaling van die Minister jaarliks aangepas word: Met dien verstande dat sodanige aanpassing nie die verhoging in die verbruikersprysindeks vir die vorige 12 maande bereken, oorskry nie.

MEMORANDUM ON THE OBJECTIVES OF THE TOLL TARIFF NOTICE

PRELIMINARY

- 1 The South African National Roads Agency SOC Limited ("**SANRAL**" or "the **Agency**"), within the framework of Government policy, is responsible for and is given the power to perform all strategic planning with regard to the South African national roads system, as well as the planning, design, construction, operation, management, control, maintenance and rehabilitation of national roads for the Republic, and is responsible for the financing of all those functions in accordance with its business and financial plan, so as to ensure that Government's goals and policy objectives concerning national roads are achieved.
- 2 The Minister of Transport, in terms of section 27(3) of the South African National Roads Agency Limited and National Roads Act, 7 of 1998 ("**SANRAL Act**") and on the recommendation of SANRAL, determines tolls and rebates (discounts) that are levied on a toll road.
- 3 The Minister of Transport previously, in respect of the Gauteng Freeway Improvement Project ("**GFIP**") toll roads, determined the tolls to be levied on those roads and the rebates applicable thereto. The previous toll tariffs were published in terms of Government Notice No. 887 in Government Gazette No. 37038, dated 19 November 2013 ("**Previous Toll Tariff Notice**").
- 4 Government, on 20 May 2015, announced a new dispensation that applies to the tolling of the GFIP. The changes announced included –
 - 4.1 a single uniform tariff for each class of vehicle, which would apply to all users. Users who did not pay tolls within the requisite period would however be obliged to pay double the toll tariff;

4.2 reduced monthly caps for frequent users which would initially apply only to certain registered users but would subsequently apply to all users of the GFIP toll roads. With regard to the reduced monthly caps, it should be noted that -

4.2.1 the frequent user discount will now apply to both, the registered e-tag users and also to registered VLN users. A 100% discount will be applied to these compliant road users for toll incurred after a threshold value is reached in a calendar month. This threshold value is significantly reduced from the Previous Toll Tariff Notice and is reflected in Table 1 below in respect of each class of vehicle. This will result in these compliant users not having to pay, in a calendar month, more than the threshold value reflected in Table 1 below -

TABLE 1

Class A1 Motor Vehicles	Class A2 Motor Vehicles	Class B Motor Vehicles	Class C Motor Vehicles
R125.00	R225.00	R875.00	R2,900.00

4.2.2 the aforementioned frequent user discount (monthly toll caps) for users not directly registered on the SANRAL system, but who make payment, in full, of the outstanding toll within 30 days of the date of the invoice issued by the Agency, will also be available to users once the necessary toll system changes are implemented. At the same time, a monthly cap for all users who do not make payment, in full, of the outstanding toll within 30 days of the date of the invoice issued by the Agency, will become applicable, and as reflected in Table 2 below -

TABLE 2

Class A1 Motor Vehicles	Class A2 Motor Vehicles	Class B Motor Vehicles	Class C Motor Vehicles
R250.00	R450.00	R1,750.00	R5,800.00

4.3 outstanding tolls, to which the alternate user tariff (3 x the standard tariff) applies, payable by users under the Previous Toll Tariff Notice would be subject to a 60% discount if paid within a specified period;

4.4 an infrequent user dispensation would apply to all users who did not exceed 30 gantry passes/e-toll transactions in a 12 month period and where these users would pay no toll, but a user would be liable for payment of toll for future e-

toll transactions/gantry passes if 30 e-toll transactions/gantry passes are exceeded in a 12 month period and at the same time would also be required to pay for the first 30 e-toll transactions/gantry passes; and

- 4.5 payment of e-toll charges being linked to a motor vehicle licence renewal.
- 5 The new dispensation, as outlined above, would be implemented in phases. This phased implementation is necessary in order to address legislative and toll system changes required to implement the new dispensation.

OBJECTIVES OF THIS TOLL TARIFF NOTICE

- 6 The objective of this toll tariff notice is to address certain of the changes highlighted in **Error! Reference source not found.** above and which can be accommodated, at this time, without significant adjustments to the toll system.
- 7 The toll tariff notice and the manner in which the changes are implemented does however remain subject to the structure as currently regulated in terms of the e-road regulations which apply to e-roads and which have not, as yet, been amended.
- 8 The purpose of this toll tariff notice is therefore to implement the first phase of changes to the dispensation applicable to the tolling of the GFIP toll roads and as announced by Government, and afford road users the benefits of these changes as early as possible. This includes –
- 8.1 the introduction of a single uniform tariff for each class of vehicle, at this time, which applies to all users of the GFIP toll roads other than alternate users. The alternate tariff also reduces since it will now be calculated in terms of the reduced Standard Tariff.
- 8.2 the fact that registered VLN users will now also be included within the dispensation applicable to users who use an e-tag for transactional purposes and that the cap in respect of those users will be reduced;

8.3 the discount which will apply to alternate users who pay toll within 30 days of the date of issue by SANRAL of an invoice and as referred to in **Error! Reference source not found.** above;

8.4 a once-off discount of 60% on outstanding tolls incurred under the Previous Toll Tariff Notice and where payment is received within a specified period. This change is published at this time, in the toll tariff notice but will only become operative from a date to be determined by the Minister of Transport and which date will be published in the Gazette. This change will require system development.

9 It is anticipated that—

9.1 The introduction of the doubling of the toll tariff if not paid within the requisite period;

9.2 The introduction of monthly caps for users of the GFIP toll roads that are not directly registered with SANRAL;

9.3 The infrequent user dispensation; and

9.4 The payment of e-toll charges being linked to a motor vehicle licence renewal,

will be introduced in future phases.

10 The aforementioned changes together with other related changes will require further development of the toll system and also amendments to the regulatory framework applicable to tolling.

AMENDMENTS TO TOLL TARIFF NOTICE FROM PREVIOUS TOLL TARIFF NOTICE

11 The intention of this section is to outline certain but not necessarily all of the changes made in this toll tariff notice, compared to the Previous Toll Tariff Notice.

12 Amendments to definition of grace period

This amendment results in an extended grace period for registered users who will now be required to pay toll within 31 days from the date and time that an e-toll transaction (gantry pass) occurs.

13 Amendments to Table 1 (Tariff Tables)

The tariff tables have been amended to reflect one uniform tariff (which is the e-tag tariff) that will be applicable to all users of the GFIP toll roads other than alternate users.

The alternate tariff also reduces since it will now be calculated in terms of the reduced Standard Tariff.

14 Amendments to discounts for frequent users (monthly toll caps)

The frequent user discount will now apply to both, the registered e-tag users and also to registered VLN users. A 100% discount will be applied to all compliant road users for toll incurred after a threshold value is reached in a calendar month. This threshold value is significantly reduced from the Previous Toll Tariff Notice and is reflected in the table below in respect of each class of vehicle. This will result in these compliant users not having to pay, in a calendar month, more than the threshold value reflected in Table 1 below. Future phases of this frequent user discount regime as explained in paragraph 4,2 will be implemented once the required toll system changes are implemented.

TABLE 1

Class A1 Motor Vehicles	Class A2 Motor Vehicles	Class B Motor Vehicles	Class C Motor Vehicles
R125.00	R225.00	R875.00	R2,900.00

15 Amendments in relation to discounts for alternate users who pay after the grace period

An alternate user who pays toll after an e-toll transaction (gantry pass) but within 30 days of the date of the invoice issued by SANRAL, will be granted a 60% discount at the time of payment.

16 Amendments in relation to once-off discount for payments made in respect of toll incurred under Previous Toll Tariff Notice

This will afford all users who have outstanding toll under the Previous Toll Tariff Notice the opportunity to pay their outstanding toll at a 60% discount. Although this dispensation is published in this toll tariff notice, at this time, it will only become applicable from a subsequent date to be determined by the Minister of Transport and which date will be published in the Gazette. The discount dispensation will require system development.

MEMORANDUM OOR DIE DOELWITTE VAN DIE TOLTARIEF KENNISGEWING**INLEIDING**

- 1 Die Suid-Afrikaanse Nasionale Padagentskap MSB Beperk (“SANRAL” of “die Agentskap”) is, binne die raamwerk van die Regering se beleid, verantwoordelik vir en bemaagtig om alle strategiese beplanning met betrekking tot die Suid-Afrikaanse nasionale paaistelsel, sowel as die beplanning, ontwerp, aanlê, bedryf, bestuur, beheer, instandhouding en rehabilitasie van nasionale paaie vir die Republiek te doen, en is verantwoordelik vir die finansiering van al die funksies ingevolge sy besigheids- en finansiële plan, om te verseker dat die doelwitte en beleid van die Regering met betrekking tot nasionale paaie behaal word.
- 2 Die Minister van Vervoer, ingevolge artikel 27 (3) van die Wet op die Suid-Afrikaanse Nasionale Padagentskap Beperk en op Nasionale Paaie, 7 van 1998 (“SANRAL Wet”) en op aanbeveling van SANRAL, bepaal tol en kortings (afslag) wat gehef word op 'n tolpad.
- 3 Die Minister van Vervoer het voorheen, ten opsigte van die Gauteng Deurpad Verbeteringsprojek (GDVP) tolpaaie, die tol wat gehef word op die paaie en die kortings wat daarop van toepassing is, bepaal. Die vorige toltariewe is gepubliseer ingevolge Goewermentskennisgewing No. 887 in Staatskoerant No. 37038, gedateer 19 November 2013 (“Vorige Toltarief Kennisgewing”).
- 4 Die Regering het, op 20 Mei 2015, veranderinge aangekondig aan die bedeling wat toegepas word op die tol op die GDVP. Die veranderinge wat aangekondig is sluit in–
 - 4.1 'n eenvormige tarief wat van toepassing sal wees vir spesifieke kategorieë voertuie. Gebruikers in 'n spesifieke klas voertuig wat nie tol binne die vereiste tydperk betaal het nie, sal egter verplig sal wees om dubbel die toltarief te betaal;
 - 4.2 verlaagde maandelikse drempels vir gereelde gebruikers en wat aanvanklik slegs van toepassing sou wees op sekere geregistreerde gebruikers, maar wat nou van toepassing sal wees op alle gebruikers van die GDVP tolpaaie. Met betrekking tot die verminderde maandelikse drempel moet daarop gelet word dat –

- 4.2.1 die gereelde gebruiker afslag nou van toepassing sal wees op beide geregistreerde e-tag gebruikers en geregistreerde VLN gebruikers. 'n 100% Afslag sal toegepas word op hierdie gebruikers wat voldoen aan die vereistes vir alle tol gehef nadat 'n drempelwaarde in 'n kalendermaand bereik. Die drempelwaarde is aansienlik verminder vanaf die Vorige Toltarief Kennisgewing en word weerspieël in die tabel hieronder ten opsigte van elke klas voertuig. Dit sal daartoe lei dat daardie gebruikers nie meer as die drempelwaarde hoef te betaal nie in 'n kalendermaand wat meer is as die drempelwaarde in Tabel 1 hieronder aangedui -

TABEL 1

Klas A1 Motorvoertuie	Klas A2 Motorvoertuie	Klas B Motorvoertuie	Klas C Motorvoertuie
R125.00	R225.00	R875.00	R2,900.00

- 4.2.2 die bostaande gereelde gebruiker afslag soos verduidelik (maandelikse tol drempels) vir gebruikers wat nie direk op die SANRAL stelsel geregistreer is nie, maar wat die uitstaande tol ten volle betaal binne 30 dae vanaf datum van die faktuur uitgereik deur die Agentskap, ook beskikbaar sal wees wanneer die nodige stelsel veranderinge aangebring is. Terselfdertyd sal 'n maandelikse drempel, soos in Tabel 2 hieronder aangetoon, vir daardie gebruikers wat buite die 30 dae periode betaal van toepassing word –

TABEL 2

Klas A1 Motorvoertuie		Klas A2 Motorvoertuie	Klas B Motorvoertuie	Klas C Motorvoertuie
R250.00		R450.00	R1,750.00	R5,800.00

- 4.3 uitstaande tol waarop die alternatiewe tarief (3x die standaard- tarief) betaalbaar sou wees deur gebruikers onder die vorige Toltarief Kennisgewing, is onderhewig aan 'n 60% afslag as dit binne 'n bepaalde tydperk betaal word;
- 4.4 'n ongereelde gebruiker-bedeling sal geld vir alle gebruikers wat nie meer as 30 tolportaal deurgange / e-tol transaksies in 'n tydperk van 12 maande oorskry nie, en waar die gebruikers geen tol betaal nie, maar 'n gebruiker sal aanspreeklik wees vir toekomstige e-tol transaksies/tolportaal deurgange indien 30 deurgange oorskry word in 'n 12 maande periode

en sal terseldertyd ook aanspreeklik wees om die eerste 30 e-toltransaksies/tolportaal deurgange te betaal.; en

- 4.5 betaling van e-tol koste wat gekoppel is aan 'n motorvoertuig lisensiehernuwing.
- 5 Die nuwe bedeling, soos hierbo uiteengesit, sal in fases geïmplementeer word. Die gefaseerde implementering is nodig om wetgewende en tolstelsel veranderinge wat nodig is om die nuwe bedeling te implementeer, aan te spreek.

DOELWITTE VAN HIERDIE TOLTARIEF KENNISGEWING

- 6 Die doel van hierdie toltarief kennisgewing is om sommige van die veranderinge wat uitgelig is in 4 hierbo en wat nou, sonder beduidende aanpassings aan die tolstelsel aan te spreek, geakkommodeer kan word.
- 7 Die toltarief kennisgewing en die wyse waarop die veranderinge geïmplementeer word bly egter onderhewig aan die struktuur soos dit tans ingevolge die e-Pad regulasies van toepassing is en wat op e-paaie van toepassing is, en wat nog nie gewysig is nie.
- 8 Die doel van hierdie toltarief kennisgewing is dus om die eerste fase van die veranderinge aan die bedeling van toepassing op die tol van die GDVP tolpaaië en soos aangekondig deur die Regering, te implementeer en so gou as moontlik vir padgebruikers die voordele van die veranderinge deur te gee. Dit sluit in -
- 8.1 die bekendstelling op hierdie stadium van 'n enkele eenvormige tarief vir elke voertuigklas, wat op al die gebruikers van die GDVP tolpaaië behalwe alternatiewe gebruikers van toepassing sal wees. Die alternatiewe tarief verminder ook aangesien dit bereken word ingevolge die Standaard Tarief;
- 8.2 die feit dat geregistreerde VLN gebruikers ook nou ingesluit word binne die bedeling wat van toepassing is op gebruikers wat die e-tag vir transaksie-doeleindes gebruik en dat die drempel ten opsigte van daardie gebruikers, sal verminder;

- 8.3 die afslag wat van toepassing sal wees op alternatiewe gebruikers wat tol binne 30 dae van die datum van uitreiking van 'n faktuur deur SANRAL, betaal, soos na verwys in 8.1 hierbo;
- 8.4 'n eenmalige afslag van 60% op uitstaande tolgeld aangegaan onder die Vorige Toltarief Kennisgewing en waar betaling ontvang word binne 'n bepaalde tydperk. Hierdie verandering word op hierdie stadium gepubliseer in die toltarief kennisgewing, maar dit sal eers in werking tree vanaf 'n datum soos bepaal deur die Minister van Vervoer en sodanige datum sal in die Staatskoerant gepubliseer word. Hierdie verandering sal stelselontwikkeling benodig.
- 9 Daar word verwag dat--
- 9.1 Die bekendstelling van die verdubbeling van die toltarief indien nie betaal binne die vereiste periode;
- 9.2 Die bekendstelling van verlaagde maandelikse drempels vir alle gebruikers van die GDVP wat nie direk by SANRAL geregistreer is nie;
- 9.3 Die ongereelde gebruikers-bedeling; en
- 9.4 Die betaling van e-tol koste gekoppel aan 'n motorvoertuig lisensiehernuwing, in toekomstige fases geïmplementeer sal word.
- 10 Die bogenoemde veranderinge saam met ander verwante veranderinge sal verdere ontwikkeling van die tolstelsel en wysigings aan die regulatoriese raamwerk van toepassing op tol, vereis.

WYSIGINGS AAN TOLTARIEF KENNISGEWING VAN VORIGE TOLTARIEF KENNISGEWING

- 11 Die doel van hierdie gedeelte is om 'n oorsig van sekere, maar nie noodwendig al, die veranderinge wat in hierdie toltarief kennisgewing vervat is, in vergelyking met die Vorige Toltarief Kennisgewing, te verskaf.
- 12 Wysigings aan woordskrywing van grasietydperk

Die gevolg van hierdie wysigings is 'n verlengde grasietydperk vir geregistreerde gebruikers wat nou binne 31 dae vanaf die datum en tyd wat 'n e-tol transaksie (tolportaal deurgang) plaasvind, moet betaal.

- 13 Wysigings aan Tabel 1 (Tarief Tabelle)

Die tarief tabelle is gewysig om een eenvormige tarief (wat die e-tag tarief is) te weerspieël wat van toepassing sal wees op alle gebruikers van die GDVP tolpaaie, behalwe alternatiewe gebruikers.

Die alternatiewe tarief verminder ook aangesien dit bereken gaan word ingevolge die Standaard Tarief.

14 Wysigings aan afslag vir gereelde gebruikers (maandelikse tol drempels)

Die gereelde gebruiker afslag sal nou van toepassing wees op beide geregistreerde e-tag gebruikers en geregistreerde VLN gebruikers. 'n 100% Afslag sal toegepas word op hierdie gebruikers wat voldoen aan die vereistes vir alle tol hef nadat 'n drempelwaarde in 'n kalendermaand bereik is. Die drempelwaarde is aansienlik verminder vanaf die Vorige Toltarief Kennisgewing en word weerspieël in die tabel hieronder ten opsigte van elke klas voertuig. Dit sal daartoe lei dat daardie gebruikers wat aan die vereistes voldoen nie meer as die drempelwaarde hoef te betaal nie in 'n kalendermaand wat meer is as die drempelwaarde in Tabel 1 hieronder aangedui. Verdere fases van die gereelde gebruiker afslag bedeling soos in paragraaf 4.2 verduidelik sal geïmplementeer word sodra die vereiste tolstelse-l aanpassings geïmplementeer is.

Klas A1 Motorvoertuie	Klas A2 Motorvoertuie	Klas B Motorvoertuie	Klas C Motorvoertuie
R125.00	R225.00	R875.00	R2,900.00

- 15 Wysigings met betrekking tot afslag vir alternatiewe gebruikers wat na die grasietydperk betaal 'n Alternatiewe gebruiker wat na 'n e-tol transaksie (tolportaal deurgang) tol betaal , maar binne 30 dae vanaf die datum van die faktuur uitgereik deur SANRAL , sal 'n afslag van 60% ten tye van die betaling geniet.
- 16 Wysigings ten opsigte van eenmalige afslag vir betalings gemaak ten opsigte van tol aangegaan ingevolge Vorige Toltarief Kennisgewing

Dit sal aan alle gebruikers wat uitstaande tol onder die Vorige Toltarief Kennisgewing het die geleentheid bied om hul uitstaande tol teen 'n afslag van 60% te betaal. Alhoewel hierdie bedeling nou in hierdie toltarief kennisgewing gepubliseer word, sal dit slegs van toepassing word vanaf 'n datum wat deur die Minister van Vervoer bepaal sal word en sodanige datum sal in die Staatskoerant gepubliseer word. Die afslagbedeling sal stelselonwikkeling verg.
