**REVISED JOINT PRACTICE NOTE:
INTERLOCUTORY APPLICATION TO COMPEL PRODUCTION OF RECORD**

1. This revised joint practice note is filed due to a material change in circumstances that occurred on 17 May 2024 when the second to the fifth respondents (collectively referred to as “Karpowership”) served a *Notice of Withdrawal of Opposition* (**Caselines at 036-1 – 036-5**).
2. Karpowership’s withdrawal of opposition substantially influences the scope of the dispute, the volume of papers that need to be read and the duration of the argument. The matter remains opposed by the first respondent (“NERSA”) only.

3. The Honourable Court is accordingly requested to substitute the joint practice note that was filed on 9 May 2024 with this revised joint practice note.

4. **Date on opposed roll:** 4 – 6 June 2024
(Special allocation)

7. **Counsel for Second to Fifth Respondents:** No longer opposed

8. **Nature of the Motion:**
 - 8.1 This is an interlocutory application for the production of a review record in a Rule 53 review application.

 - 8.2 The applicant (“OUTA”) launched a review application on 26 April 2022 to review and set aside the decision of the first respondent (“NERSA”) to grant electricity generation licences to the second to fourth respondents (collectively referred to with the fifth respondent, their holding company, as “Karpowership”). This notice of motion in the main review application can be found on **Caselines at 001-1 – 001-6.**

8.3 ON 17 June 2022 NERSA filed a substantially redacted review record **(Redacted record at 029-1 – 029-1268).**

8.4 There is a dispute about whether the record should be treated as confidential and if so, what the parameters of such confidentiality should be and who should have access to the record.

9. **Directive issued by the Honourable Ledwaba DJP on 4 December 2023 (Caselines at 034-1 – 034-4):**

9.1 A similar application was brought under case number 23339/2022 by The Green Connection NPC (“the Green Connection application”). In accordance with a directive issued by the Honourable Ledwaba DJP on 4 December 2023, the OUTA application under case number 23017/2022 and the Green Connection application under case number 23339/2022 are to be heard together on the allocated days of 4 – 6 June 2023.

10. **Relief sought by parties in interlocutory application to compel production of the record:**

10.1 OUTA seeks production of the complete, unredacted record in prayer 1 of its notice of motion in this interlocutory application. In the alternative, OUTA seeks in prayer 2 for an order in line with a “*with prejudice*” offer that was made by OUTA similar to the confidentiality regime that was used by the parties in Cape Town City v South Africa National Roads Authority and Others 2015 (3) SA 386 (SCA) **(notice of motion at 012-1 – 012-6 read with the amended prayer 2 at 032-6; founding affidavit at 013-1 – 013-46 & annexures at 014-1 – 014-60).**

10.2 NERSA opposes the application **(NERSA answering affidavit at 017-1 – 017-31; annexures at 017-32 – 017-36).**

11. **Issues to be determined:**

It is submitted that the main issues for determination are as below.

11.1 Which party bears the *onus* of proving confidentiality of a review record.

11.2 Whether NERSA is entitled to restrict OUTA's access to the review record (or part thereof) on the basis of confidentiality and if so, to what extent.

11.3 In conjunction with 11.2 above, whether OUTA, as applicant in the main review application, is entitled to a full unredacted record, *alternatively* to the regime that was proposed "*with prejudice*" by OUTA on 17 October 2022 as contained in prayer 2 of the notice of motion.

11.4 In respect of NERSA's contentions:

11.4.1 whether the application is premature due to NERSA's allegation that the matter is under case management;

11.4.2 whether NERSA makes out a case for OUTA's experts to be excluded from the record.

11.5 The issue of costs.

12. **Estimated duration:**

12.1 The matters are set down for hearing as a special motion for three (3) days from 4 – 6 June 2024. The allocation was done by the Honourable Ledwaba DJP on the parties' estimated duration for the two interlocutory applications where OUTA and Green Connection are the respective applicants.

12.2 Given Karpowership's withdrawal of its opposition, the revised estimation is that the matter will finish within 2 days.

13. **Papers (general):**

13.1 The complete application to compel with all papers filed in this interlocutory OUTA application is filed under Caselines sections 012 – 026 and comprises of 576 pages in total (to include the affidavits with annexures as well as the Rule 35(12) & (14) notices and answers thereto).

13.2 Due to Karpowership's withdrawal of opposition (and with that its counter-application), the answering affidavit filed by Karpowership and the part of OUTA's replying affidavit dealing therewith no longer need to be read.

13.3 The Notice of Motion and relevant affidavits can be found on Caselines as follows:

- 1) Notice of Motion with annexure at 012 – 012-8
- 2) OUTA founding affidavit at 013-1 – 013-46
Annexures to OUTA's founding affidavit at 014-1 – 014-60
- 3) NERSA's answering affidavit at 017-1 – 017-31
Annexures to NERSA's answering affidavit at 017-32 – 017-36
- 4) OUTA's replying affidavit at 024-4 – 024-73
Annexures to OUTA's replying affidavit at 025-1 – 025-81

13.4 There were also two Notices in terms of Rule 35(12) and (14) served by OUTA on NERSA, to which NERSA responded:

- 1) First Notice in terms of Rule 35(12) and (14) at 018-1 – 018-4

NERSA's response thereto at 020-1 – 020-20

- 2) Second Notice in terms of Rule 35(12) and (14) at 022-1 - 022-4
NERSA's response thereto at 022-7 – 022-66

To be read:

13.5 It is submitted that the Notice of Motion (**012-1 – 012-8**), and the following pages of the affidavits should be read:

- a) OUTA founding affidavit (**013-1 – 013-46**)
- b) NERSA answering affidavit (**017-5 – 017-31**)
- c) The first part of OUTA's replying affidavit dealing with NERSA's answering affidavit (**024-4 – 024-36**) and the conclusionary paragraph 229 (**024-73**).

13.6 The annexures to the respective affidavits on the pages as separately indicated above are referred to and described in the affidavits. It is accordingly submitted that a detailed perusal of the annexures is not required subject to counsel for the parties being permitted to refer thereto during argument where necessary.

13.7 Similarly, it is submitted that a detailed perusal of the Rule 35(12) and (14) notices and the documents is not required subject to counsel for the parties being permitted to refer thereto during argument where necessary.

A chronology of events is attached hereto as "**A**".
