(52.32 KB)

Good day sirs,

Find attached hereto the first of 2 agreements. This draft agreement is between Mr Anil Gupta and Adani to create the Investment SPV. My apologies for only finishing it now sir.

I used the cooperation agreement between us and Denel as a basis –seeing that the cooperation concepts are the same (we agree on a company to be formed, shareholding therein and the parties' initial rights –until the company is formed). All the changes are marked in a different colour for easy reference. May I please highlight the following:

1. Clause 3.1.3 deals with our representation in Denel India. I am uncertain how one can formalize this in terms of the Indian Company laws and whether my wording, and our intention, is legally enforceable. Can we please check this with an attorney in India? I will correspond with them, if you require me to do so.

2. For dispute resolution I have opted for Arbitration. I do not know whether it is better in India to litigate in court or to arbitrate.

I expect Mr Adani to change a lot of clauses, but I can be contacted at any time to discuss with his legal team. If I must change anything please let me know sir. I will send the 2nd agreement also still today.

Regards,
Pieter

 Subject: DENEL ASIA AND INDIA OPPORTUNITIES

Good day sirs,

IN RE: DENEL ASIA AND INDIA BUSINESS OPPORTUNITIES

I trust all is well.

It is with disappointment that I have noted certain negative news articles about the partnership between Denel and VR Asia. This morning's Business Day for instance reported that the formation of Denel Asia is "illegal". It mentions that no approval has been granted by DPE and Treasury and that certain processes were not followed. I think it is important to take stock of our situation at this stage, in order to promote transparency and planning, and to collaborate on our business strategy. I also think it is important to state, for the record, certain points:

1. Both parties have entered into this agreement to ensure that Denel's products get sold into a market which has not been successfully penetrated. VR Asia has committed to introduce Denel to important role players in the Asian markets and further agreed to fund Denel Asia, for setting up the infrastructure, to an amount of R100 000 000-00. This was proposed on sound business principles without any expectation for undisclosed favours whatsoever. Our intention remains to assist growing Denel into the market leader when it comes to defence products. If any authorised person, at any stage, feels uncomfortable with partnering with VR Asia, or think that anything was "illegal" we will gladly withdraw from this transaction. We would not like to enter into any transaction which Denel is not completely happy with.

2. Having said the above, Denel Asia has been formed. The Indian market requirements necessitates that we act urgently, otherwise we will surely miss enormous business opportunities.

3. In the Denel Asia agreement there are 6 suspensive conditions that needed to be fulfilled. According to my understanding these conditions have been fulfilled. If I am wrong, please advise me accordingly.

4. I am of the opinion that the following must happen in chronological order:

- a. We need to have assurance that the suspensive conditions have been fulfilled;
- b. the Shareholders need to adopt a resolution in terms of clause 5.8 of the agreement;
- c. a business plan needs to be drafted and presented in terms of clause 13.2.2.

5. Find attached hereto a resolution that I believe needs to be adopted by the shareholders. As a Board, I believe we have the duty to act as soon as possible to secure business opportunities, but we also need to ensure that we allow for all the approvals to be obtained. If we do not have a mandate from the shareholders we will be negligent.

If you have any suggestions please do not hesitate reply or amend any of my suggestions.

Regards,
 IMG [660]

**EXTRACTS OF THE MINUTES OF THE MEETING OF SHAREHOLDERS OF DENEL
ASIA CO LTD (THE COMPANY) HELD AT PRETORIA ON 16 FEBRUARY 2016.**

3. The following persons are appointed (alternatively appointments are accepted and ratified) as directors:

9. The Shareholders specifically authorise the Board to negotiate and discuss the formation of Denel India, which shall be a partnership/joint venture, in the form of a new company to be formed, between Denel Asia (49%) and Adani Enterprises

Ltd (51%), with Adani representatives, and to conclude any agreement for such formation, on condition that the terms and condition of the agreement must be unanimously accepted by the entire Board of the Company. DATE : 16 OCTOBER 2015

1. PURPOSE

- 1.1 To advise Minister on the contents of the letter from the Chairperson of the Denel Group, Mr Daniel Mantsha dated 29 October 2015 with regard to discussions between Denel and VR Laser Asia about establishing an incorporated joint venture company (Denel Asia) in Hong Kong for the purpose of exploiting opportunities in Asia defence market. The letter from Denel is attached hereto and marked as Annexure "B"; and
- 1.2 To request the Minister to sign the letter to the Chairperson of the Denel Group, Mr Lungisani Daniel Mantsha (copying the Minister of Finance), to grant in-principle approval for Denel to continue the discussions with VR Laser, subject to the conditions discussed in paragraph 3.10, if she is in agreement with the contents thereof. The letter is attached hereto and marked as Annexure "A".

DENEL: PFMA PRE-NOTIFICATION - PROPOSED FORMATION OF DENEL ASIA

Kong for the purpose of exploiting opportunities in the Asia Defence market. Denel will hold 51% of the issued share capital in the joint venture company.

- 2.2 The two companies have agreed in principle on a number of transaction features, including, company structure, financing, technology transfer and protection of Denel's Intellectual Property.
- 2.3 After approval of relevant regulatory requirements, a new limited liability company (Denel Asia) will be registered in Hong Kong. Denel will hold 51% of the issued share capital with the remaining 49% held by VR Laser Asia. Upon incorporation, a Board of Directors will be constituted comprising of Denel and VR Laser Asia representatives with Denel appointing the first Chairperson.
- 2.4 The two companies estimate that the NewCo will require R100 million capital injection over a five (5) year period for operational costs. VR Laser Asia will be responsible for all the operational costs.
- 2.5 Project funding as and when required will be provided by Shareholders.
- 2.6 According to Denel, the advantages of entering the Asia market with VR Laser Asia include:
 - 2.6.1 The provision of quick access to local potential production and development partners;
 - 2.6.2 A deeper understanding of the local market and industrial landscape;
 - 2.6.3 The ability to align with business network;
 - 2.6.4 Access to operational funding;
 - 2.6.5 The ability to increase visibility in the market/region; and
 - 2.6.6 Leverage on VR Laser Asia's infrastructure and presence in the region.
- 2.7 At a meeting with the Department, Denel indicated that it received an unsolicited bid from VR Laser on this collaboration. Denel has undertaken to keep the Department updated with regard to the progress and will submit a full PFMA application once all due diligences and negotiations processes, including ancillary agreements have been successfully concluded.
- 2.8 At face value, the proposal is attractive. However, there are numerous fundamental gaps that need to be clarified by Denel in its full Section 54 PFMA application before a comprehensive advice can be given to the Minister with regard to the merits of the application.

DENEL: PFMA PRE-NOTIFICATION - PROPOSED FORMATION OF DENEL ASIA

2.9 Furthermore, Denel must seek approval of the Minister of Finance to establish Denel Asia in terms of Section 51 (g) of the PFMA before the approval of Section 54 (2) can be granted. Denel seems to have overlooked this requirement.

2.10 In terms of Denel's R1.85 billion Government Guarantee conditions, the Minister of Finance must also give his concurrence to any PFMA transactions and pre-notifications. Denel submitted a similar PFMA pre-notification letter to the Minister of Finance dated 29 October 2015. A copy is attached hereto and marked Annexure "C".

3. ANALYSIS AND FINDINGS

- 3.1 The letter from Denel is not clear on the company, VR Laser Asia's background. From the desktop research the department found that VR Laser Asia is subsidiary of a South African company named VR Laser Services (Pty) Ltd. The South African based entity operates as a steel plate processing centre offering precision laser cutting, plasma cutting, machining, welding and fabrication, profile cutting and chamfering, and armour plate services.
- 3.2 VR Laser Services (Pty) Ltd operates as a subsidiary of VR Steel Group a company based in Gauteng. VR Laser Services (Pty) Ltd is involved in the supply of steel components for the infantry combat vehicles project Hoefyster in which Denel is the prime contractor.
- 3.3 The Department's initial CIPC check on ownership indicates that the directors of this company are Salim Aziz Essa, Pushpaveni Ugeshni Govender and Kamal Kant Singhala. The ownership structure could not be determined.
- 3.4 The Asia-Pacific region is experiencing a significant uptick in defence spends with the biggest contributor being China, India, Indonesia, Singapore, Thailand and Japan. By 2020, the center of gravity for the global defence spending landscape is expected to have continued its gradual shift away from the developed economies of Western Europe and North America towards emerging markets, particularly in Asia. In terms of overall growth in each region between 2015 and 2020, Asia Pacific is expected to solidify its role as the key driver of growth in the defence sector.
- 3.5 The Asia-Pacific is one of top regions identified in Denel's business growth strategy. The company has been exploring some Market opportunities for its defence and high-technology products in the region. In February 2014, Denel Aerostructures, signed a memorandum of understanding with the Strand Group in Malaysia to pool skills and resources and jointly pursue international contracts in aircraft design and manufacturing. During the year 2012

DENEL: PFMA PRE-NOTIFICATION - PROPOSED FORMATION OF DENEL ASIA

Denel Land Systems signed a €340 million (R3.5 billion) contract with Malaysia to supply a range of turret and integrated weapon systems. The Malaysian contract remains the single largest export contract for Denel since its incorporation in 1992. According to 2015/16 second quarterly report, Denel is pursuing a R1 billion order for the Umkhonto missile in Vietnam.

- 3.6 Accessing the Pacific-Asian defence market is likely to be a challenge for the envisaged new entity. Global defence original equipment manufacturers (OEMs) are targeting the growing Asian defence market to compensate for the stagnation at their home markets. These OEMs are also bringing substantial offset and funding proposals which small companies, such as Denel are unable to provide.
- 3.7 The value proposition of VR Laser Asia is not clear on how it plans to break into this highly competitive market given its own limited global reach. The pre-notification makes mention of the advantages of entering into partnership with VR Laser Asia, but it is not clear on how the NewCo (Denel Asia) will approach the market. The Department will wait for the business plan before expressing an opinion on whether the transaction makes commercial sense or not.
- 3.8 The Department is not comfortable with the impression that, project funding will be provided by Shareholders. Furthermore, the letter does not indicate whether the project funding by Shareholders will be in proportionate to their shareholding. It is also not clear whether the R100 million investments by VR Laser Asia in the establishment of Denel Asia is a loan and what the repayment terms are; and whether it is sufficient to cover the five (5) years operational costs considering that the entity will be chasing orders to a tune of R100 billion.
- 3.9 It should be noted that this transaction or similar to it is not proposed in the 2015/16 Corporate Plan. Furthermore, the current liquidity challenges facing the SOC could make it difficult for Denel to enter into another transaction. As it is, Denel has not yet closed the transaction with SAAB Grintek on the 51% acquisition of the Command and Control capability at a cost of R50 million.
- 3.10 However, based on the information submitted by Denel, the Department recommends that Denel should be granted in-principle approval to continue discussions with VR Laser subject to the following conditions:
 - 3.10.1 Denel to obtain approval from the Minister of Finance in terms of Section 51(g) of the PFMA to establish a new entity;

DENEL: PFMA PRE-NOTIFICATION - PROPOSED FORMATION OF DENEL ASIA

3.10.2 Once the Minister of Finance has granted approval in terms of Section 51(g), the negotiations and the regulatory processes being completed, Denel must submit a section 54(2) PFMA application;

3.10.3 The application should include, amongst other things:

- a) a comprehensive detailed business case to enable the Minister to express an opinion on the joint venture transaction;
- b) a comprehensive due diligence report on the financial regulatory legal requirement and regulatory laws governing foreign owned entities in Hong Kong;
- c) funding plans, all the transaction documents (including the MOU and Cooperation agreements);
- d) the process followed to select VR Laser as a partner of choice;
- e) the proposed structure of the proposed new company and breakdown of estimated operational costs (five year horizon budget indicating clear cost allocation of both parties);
- f) a comprehensive due diligence of VR Laser which includes its financial standing, capabilities and ownership, defence and security product/service range and client base in Asia;
- g) registration details of the company and shareholding of VR Laser Asia. This is important in order to ensure that all matters relating to the structure are addressed to protect Denel's status as the holding company;
- h) the reason(s) for a Continent specific *versus* a Country specific arrangement and indicate preference of Hong Kong as a preferred domicile;
- i) after VR Laser approached Denel with this business proposition, did the SOC undertake any studies that led to the conclusion that this partner is the most suitable; and

DENEL: PFMA PRE-NOTIFICATION - PROPOSED FORMATION OF DENEL ASIA

- j) reason(s) why this transaction or similar to it is not proposed in the 2015/16 Corporate Plan.

3.10.4 The Board must also ensure that there is adequate governance oversight regarding the processes that underpin transaction discussions. Issues of conflict of interest, real or perceived, should be adequately monitored. All efforts should be made to minimise risk exposure for both Denel and the Shareholder.

4. FINANCIAL IMPLICATIONS

None for the Department

5. CONSULTATION/PROJECT TEAM

The assessment process has been led by the Manufacturing Enterprises Branch. Inputs from Legal, Governance and Risk Branch (LGR) pertaining to cross-cutting matters were received.

6. RECOMMENDATION

It is recommended that Minister:

- 6.1 notes the contents of this memorandum;
- 6.2 notes the recommendation by the Team is that Denel should continue with the Due Diligence and discussions with VR Laser;
- 6.3 notes that the approval does not grant Denel permission to conclude on the transaction as the business case is still outstanding; and
- 6.4 sign the letter to the Chairperson of the Denel Group, Mr Lungisani Daniel Mantsha, copying the Minister of Finance, to grant in-principle approval for Denel to continue the discussions with VR Laser, if she is in agreement with the contents thereof. The letter is attached hereto and marked as Annexure "A"; and

Dear Mr Mantsha

Re: PFMA Section 54 (2) Pre-Notification on the Proposed Formation of Denel Asia

The above matter has reference.

I concur with yourself that Pacific Asia defence market will remain on upward trajectory for the foreseeable future. It would therefore make strategic business sense for Denel to position itself to take advantage of the envisaged growth.

However, accessing the Asian market is likely to be daunting for the new entity. Global defence original equipment manufacturers (OEMs) are targeting the growing Asian defence market to compensate for the stagnation at their home markets. They bring with them substantial offset and funding proposals which small companies such as Denel may not be able to provide. The value proposition of VR Laser Asia wanting a tie up with Denel is not clear especially on how it plans to break into this highly competitive market given its own limited global reach.

Given the strategic importance of the Asia-Pacific defence market, I hereby grant in-principle approval for Denel to continue discussions with VR Laser and Denel can submit a section 54 (2) PFMA application to both myself as the Executive Authority and the Minister of Finance.

In order to protect Denel's status as the holding company, the application should include, amongst other things:

- a) a comprehensive detailed business case to enable the Minister to express an opinion on the joint venture transaction;
- b) a comprehensive due diligence report on the financial regulatory legal requirement and regulatory laws governing foreign owned entities in Hong Kong;
- c) funding plans, all the transaction documents (including the MOU and Cooperation agreements);
- d) the process followed to select VR Laser as a partner of choice;

CONFIDENTIAL

- e) the proposed structure of the proposed new company and breakdown of estimated operational costs (five year horizon budget indicating clear cost allocation of both parties);
- f) a comprehensive due diligence of VR Laser which includes its financial standing, capabilities and ownership, defence and security product/service range and client base in Asia;
- g) registration details of the company and shareholding of VR Laser Asia;
- h) the reason(s) for a Continent specific versus a Country specific arrangement and indicate the preference of Hong Kong as a preferred *domicile*;
- i) any studies that were undertaken by the SOC that led to the conclusion that this partner is the most suitable, after VR Laser approached Denel with this business proposition; and
- j) reason(s) why this transaction or similar to it is not proposed in the 2015/16 Corporate Plan.

Thereafter, Denel is required to apply and get approval from the Minister of Finance in terms of Section 51(g) of the PFMA, which is a prerequisite when establishing a new entity. Once such approval has been obtained, all the negotiations, agreements and regulatory processes can be completed.

The Board must also ensure that there is adequate governance oversight regarding the processes that underpin transaction discussions. Issues of conflict of interest, real or perceived, should be adequately monitored. All efforts should be made to minimise risk exposure to both Denel and the Shareholder.

Yours sincerely
